

CAMPER'S CHECKLIST

Consider this list a “minimum” of what is necessary for a safe and comfortable camping trip. Plan according to season, family and/or friends, environment (humid, dry, high-altitude), weather considerations, and most importantly – YOU. You must pack according to your needs, comfort-level and environment. Always prepare for the unexpected. Mother Nature doesn't operate on your terms and anything is possible. **BE PREPARED!**

Note that this list presumes you are car camping (i.e., drive to your campsite) and not hiking to your campsite.

Highlighted items are included with the Mountain Side Gear Rental Complete Camping Kit (these items are also available to rent individually).

Italicized items are available for rent or purchase on the Mountain Side Gear Rental website.
